"LEFTY" WINS IN BATTLE OF MOUNDSMEN

LEFTY WINS—lead Baseball How They Stand.

"Lefty" Cothran and "Finn" O'Connor hooked up in a pitching duel yesterday afternoon, with the former emerging the victor when "Finn" weakened in the latter stages of the game and allowed the Barrel House sluggers to cross the plate enough times to come off on the long end of a 4 to 3 count. The score does not indicate the wonderful brand of pitching turned in by Cothran, who fanned six Refinery and allowed but two bingles. Not a run scored off "Lefty" was earned.

A Few Boots.

The Barrel House infielders almost booted the game away for Cothran in the second. Roberts drew a pass and went to second on Parker's single. Both runners advanced when no one received Humphrey's throw to second to catch Skipper napping. Autry hit to Lane, who threw Roberts out at the plate, Parker going to third and Autry to second. Dolan hit a roller to Langridge, who threw wild to home, Parker and Autry scoring and Dolan advancing to second. O'Connor was safe at first on Langridge's bad throw of his grounder, Dolan taking second. Dolan brought in the third run of the inning on a double steal.

The Barrel House gathered one in the fourth. After Schimpff had grounded out, Alley walked and went to second when Fitzgerald rapped a single over second. Desmond forced Fitzgerald at second. Bartram to Duncan, Alley taking third. Alley scored when Desmond pulled a fake steal drawing Robert's throw to second.

Artie Gets Homer.

The score remained 3 to 1 until the last of the sixth. Nelson, first man up for the Barrel House, led off with a drive to Child's that was too hard to handle. Schimpff tied the score with a long homer over the left field fence.

Forced Run Wins.

The Barrel House won out in the last of the seventh. With one away Langridge drew a pass and went to second on Humphrey's single to center. Both runners Cothran's infield out. Here "Finn" pulled a bit of strategy and walked Nelson on four straight wide ones. This left it up to Schimpff. "Finn" then pulled a little more strategy and walked Schimpff, forcing home the winning run.

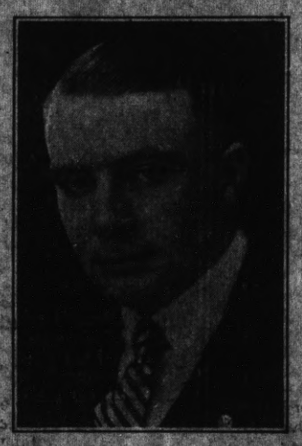
TOM CARLSON



Richmond lawyer, who has announced his candidacy for assemblyman from Contra Costa County.

TOM CARLSON IS CANDIDATE FOR ASSEMBLY

Tom Carlson is a candidate for the assembly.

The fighting young Legionaire and former aviator of the United States army hurled his hat into the ring yesterday, and says he is in to the finish.

That fellow likes to fight anyhow.

He can't help it.

He's like Roosevelt, in many respects: his heart is as big as a basket ball, and as tender as the smile of Madonna, and yet, when his "Irish is up," he can shoot words barbed and biting that fairly sting the object of their point.

He Likes Folks.

"Casey" likes folks, too. Another quality in common with the sage of Oyster Bay.

Ask Carlson why so many folks like him, and he probably would reply as did that chap in Cleveland: "I like 'em first."

Good Lawyer, Too.

Carlson is a good lawyer.

He was a good soldier.

"Casey" is a sobriquet that his friends use; just a mark of personal regard.

He was born in San Francisco 28 years ago.

He got his rudimentary education in the public schools of Oakland, and majored in law at the University of California.

When Uncle Sam "put in" with the Allies, Carlson got in the game and went in for aviation, having charge of the airplanes department at the University of California. He sustained some painful and serious hurts in a crash, too.

He was commander of the American Legion Post of this city until he resigned last Friday night.

He is a member of the law firm of Puerce & Carlson of this city.

Carlson is married and has a little daughter.

Lecture By One Lately In Russia

The Richmond public this evening will be privileged to listen to a speech by a woman who recently arrived from Russia where she had intimate contact with Lenine and Trotzky, great political fiugres in the world's greatest empire, geographically speaking.

The speaker is Mrs. Ella Reeve Bloor, member of the International Association of Machinists, who will speak at Richmond Labor Temple at 8 o'clock tonight.

Mrs. Bloor spent five months in Russia, and studied conditions of life, ideals of government and the aspirations of the unnumbered millions of that torn and bleeding country.

The speaker is said to be an orator of striking ability.

She will welcome any polite and pertinent questions which may be asked her.

MINE OWNERS DISCUSS GOLD

The report which Superintencent Cliff H. Weldon, of the Contact Gold mine, last night gave to a large number of the owners who assembled in the offices of Lester & Brown, in the Elks building, was more than gratifying to them.

Weldon told the owners that last Tuesday when he left the mines a depth of 115 to 120 feet had been reached, and that the character of ore being then taken out was of a much higher grade than heretofore He displayed some of the samples which showed free gold.

Weldon's sanguinary reports were substantiated by Fiscal Agent George W. McPherson, A. A. Deveney and J. C. Bonds, all of whom recently made a trip to the properties. They each voiced confidence in Weldon's ability as a mining expert.

Bond told the company that he had signed up for three more interests since visiting the mines.

A motion by Mr. Deasy, expressing confidence in the accomplishments and ability of Weldon passed unanimously.

Nine of the owners present last night each took an additional interest in the company.

At its next meeting on June 28 the De Molay degree will be conferred.

Ball Game By Lions-Rotarians Big Event Today

The Lions and the Rotarians will meet on the First street diamond at 5:15 this afternoon and match baseball prowess and wits all for Sweet Charity.

But despite the fact that the game is a benefit affair, the teams' managers swear by all the dead gods of Greece and Rome that there is going to be some league stuff pulled off in the old pasture, and promise fans a thrill such as first day "bugs" feel on the Polo grounds when Brooklyn crosses the bridge to tangle with the darlings of Gotham!

Lots of Feeling.

There will be as much feeling and ginger manifested in the rival teams as one can witness when Cal and Stanford tangle at football, or when two Kilkenny cats meet on the backyard fence!

Pick your simile. You can't go wrong.

There is going to be some real fast ball played, and the man that likes to kill two birds with one stone, as the saying goes, can do that very little thing today; he can get an eye full of baseball; can "rasberry" the Lions, if he's a Rotary rooter, and can tambast the Rotarians if he's loyal to the Lions and besides, he is dropping a four bit piece where every mill of every cent will be used to help some of "God's poor."

FOR SALVATION ARMY.

It's all for the Salvation Army.

But wait!

There is going to be a parade.

Yessir, there'll be Lions in charge of a tall twister and a tamer, and they'll roar like the big beasties that are found in the zoo.

And Fred LaMoine has been feeding the Rotarians on gunpowder and making 'em sleep on horse hair to make 'em wild.

There'll be a brass band to make a lot of noise.

$2,000 COST OF PROPOSED PLAN FOR STRAITS

Motorists and the public generally are interested in the proposal to bridge Carquinez Straits, a proposal which now is agitating the minds and exciting the imagination of the good people of Contra Costa and Solano counties. It also is enlisting serious attention at the hands of the engineering department of the United States government.

The bridge, on paper, costs $2,000,000, and will be 3,100 feet long; it will carry a 30 foot roadway. The main span will be 1,500 feet long. The secondary spans on either side will be 750 feet long A macadam roadway wide enough to carry two streams of traffic either way is in contemplation.

Reports are that finances are in hand to carry the project through without a hitch.

Former Richmond Man Passes Away

Undertaker Bert Curry is in charge of the funeral arrangements of the late Nicholas Plesh, who passed away Wednesday at his home, 3028 Harper street, Berkeley. The deceased was 34 years of age and a native of Austria. He had resided in the vicinity of Richmond for the past seven years. He was employed by the Western Electric company in Berkeley. He was the brother of John and George Plesh of Richmond and of Mrs. V Sandich of Cloverdale and Mrs Maria Gelincich of Austria. He was a member of the Woodmen of the World and the I. M. E. The remains are at Curry's funeral parlors.

Whale, Of Behring Sea, Elks' Food

"WHALE—A marine mammal, of fish-like form."—Funk & Wagnalls.

This is Friday, popularly known as "fish day" at the Elks club, and always on Friday the fellows that eat in the Elks' grill look for pink salmon bellies, or halibut or English sole with that pungent dressing called Tartar sauce.

Today's menu will offer something different.

Whale meat, saute!

Yep, whale.

The Standard Oil ship Captain Lucas, came into port Wednesday with her ice boxes jammed with whale meat.

When the ship was coursing through the Behring Straits a ten-ton mammal was seen mussing up the waters and getting gay while Yankee seamen were in the neighborhood, and bingo! A harpoon had the rascal by the nape of the neck.

J. A. McVay, member of the crew and Richmond Elk, soaked four fine juicy cuts of steak away and yesterday presented them to Steward Max Sheahan.

At luncheon today Max is going to serve the whale dust like Victor of the St. Francis would serve it.

But whale is not fish, although it has a "fish-like form."

Whales suckle their young, and are otherwise far from being fish.

But will untechnical religionists who eschew meat on Friday compromise with their codes or their consciences today and eat whale, saute?

JOHN TURNER TAKES OWN LIFE

John Turner, of the family of Turners well known in theatrical circles of California, being the brother of the late James Turner one of the founders of the T. & D. theaters, killed himself at Antioch at midnight Wednesday by shooting himself through the head with a pistol. The tragedy occurred in Turner's room at the Arlington hotel.

No motive has been assigned for the act.

The dead man is reported not to have had any financial or family troubles which would have caused him to take his own life. He was alone at the time.

Turner was unmarried.

WOMEN NOT OFFICE SEEKERS.

Since woman has been given the ballot in this country, and the same right to hold office that man has, it has been pretty well demonstrated by this time that our women, taken as a whole, are not much inclined to want to be office holders. This is everlastingly to her credit, for it proves that she sets more store upon her old time duties of raising a family and attending to the home than going in for political careers. Woman's sphere is essentially the home and the child and while we have given her the right to hold office, that is no sign we want to see her do it to any great extent, and neither is it any sign that she wants to. Lord bless her, she can always be depended upon to do pretty nearly right, which is something we men lack a whole lot of coming up to.

Twenty women in eleven states have announced themselves candidates for the national house of representatives. Four women in as many different states have become candidates for the senate. A woman candidate for governor has appeared in Kansas, and another in South Dakota. This is quite a showing in a country which in 1917 greeted Congresswoman Rankin of Montana as a national curiosity. The fact that there are only 36 women candidates for these many different offices shows that American women are still leaving the work of office-holding to the men. Our women felt that on principle they should have full right to vote and to hold office, and they now have that right and can become Miss Mayor and Madam Governor if they so elect, but the ambition does not allure the average American woman. To enter politics as a permanent business, as men do, she would necessarily have to more or less neglect her home, her children and her husband, and that she never has done and never will do.

Conan Doyle's heaven is altogether too easy for profiteers and rich rascals to get into, without having any camels crawling through the eyes of needles.

Now it is claimed that General Sherman never said that war was hell. Well, what of it? It's hell, anyhow.

Eventually radio will resemble the mail in that it will broadcast a lot of stuff in which nobody is interested.

It would be a good plan to send only men to the Senate who stutter, or use the dear and dumb language, that something might be done other than talk. Talk is about all our politicians do or late years, except to waste money.

As gasoline has been going up a cent or two every once in a while, it may safely be prophesied that John D. is getting ready to give away another million.

Materlinck says it will be much easier to die in the future. Glad to hear it. Most of us are willing to wait a while until then.

Croesus dug gold out of the mountains and made coins out of it more than two thousand years ago, and we of today are foremost in doing that than in anything else.

It now turns out that our government is the biggest bootlegger in the whole bunch, inasmuch as it sells booze on all its ships as soon as they get out of the three mile limit. Chairman Lasker of the Shipping Board defends it on the theory that it has to be done in order to compete with the passenger ships of other nations who do the same. Technically and legally it may be all right, but it certainly does seem anything but consistent for our country to pass a stringent prohibition law and then operate saloons on its own passenger ships. It appears to us that this ought to be stopped, for appearance sake if for nothing else. That is no way to cause other people to respect the law.

Alvin York, the Virginia mountain rancher who shot Huns like he would rabbits, wasn't afraid of them even a little bit, and isn't afraid of the devil, but he will run and hide from a reception committee.

THE BONUS BUGABOO.

Those who drafted the senate soldiers' bonus bill have evolved a measure as intricate and time-consuming as the reparations award against Germany, and with the financing of it quite as indefinite. Its half a dozen proposed methods of selected compensation make it seem to be a sort of grab-bag where the soldier would not know exactly what he was going to get. Spreading the distribution of the bonus over a period of forty-three years would make the youngest of the boys at the time of enlistment an old man before he received the last of his "adjusted compensation." This sounds to us like a lot of foolishness got up more for political capital for the coming campaign than a real benefit to those who fought the war for us. If they need a bonus they don't want it when they are sixty or seventy years old, or any part of it. They want it and need it right now. Better give them half the amount now and have done with it, in good old cold cash, than to string it along for nearly half a century, when likely about half of them will be dead and in heaven, where cash is of no account.

This sort of thing is nothing more or less than political cowardice on the part of Republican and Democrat alike. One is afraid that if he does not give something to the soldiers he will lose the soldier vote, and the other is afraid that if he does he will lose the influence of "big business," which is against the bonus. What a pity it is that a politician cannot be a man instead of a mouse or a microbe. If for any good reason the country cannot stand it to give the soldier a bonus just now, tell him so, and say to him why, and assure him that he will get it later on when business revives. And if it can afford to pay him something, for the Lord's sake pay it and do it now, instead of taking two bites at a cherry, or rather one each year for forty-three years.

This matter of a bonus to the soldiers should not be handled from the viewpoint of a political campaign, but from the standpoint of a grave and prior responsibility for safe conduct of the country through an economic crisis. And above everything else it should be entirely eliminated from partisan politics. Patriotism and politics do not mix any better than Jews and pork.

Capital and labor will be sleeping spoon fashion when the wolf dwells with the lamb and the leopard shall lie down with the kid.

Every generation has its ghost stories. There is no other sure way of fooling some of the people all of the time.

Many men who are short on paying taxes are long on voting any old municipal bond that bobs up.

Henry Ford says he will run for president if the people demand it. Only one man ever ran for that high office in response to a demand of the people. He is known in history which Mr. Ford says is bunk, as George Washington.

Just as this paper predicted in the first place rioting is starting in the coal mine regions, and will doubtless spread as fast as the men get hungry. One section of Utah is now under martial law and shooting and killings are reported. It is always thus. With many foreigners to deal with, the natural sequence to a strike is riot and murder. Miners in Indiana are also resorting to violence.

Seattle has what it terms the Sanity League of America, which is trying to get the Volstead law amended by congress, so beer and light wines can be used as a beverage. It should be called the Insanity League, if it is fool enough not to know that congress cannot amend any law in conflict with the Constitution of the United States.

The American flag of stars and stripes is now 145 years old, and nobody in the wide, wide world wants the job of treading on it or any part of it. May it wave forever.

Tom Mix With Jane Novak Opens At the Macdonald

Tom Mix is to open at the Macdonald Theater this evening in a Fox picture, "Trailin'." The story involves a deep mystery affecting several lives, and is based on Max Brand's novel of the same name. Mix is first discovered in a drawing room with his wealthy father and those who never have seen the Western star in a Tuxedo will be curious to see him in this picture. Later he goes to the West and is mistaken for an ordinary tenderfoot but the folks out there soon discover their mistake. Mix shows them a few things about horsemanship and fighting.

There is plenty of gun-play, pretty horsemanship and snappy action in "Trailin'," to say nothing of a love romance in which the beautiful Eva Novak figures.

Mix is credited with another winner in this new vehicle.

In addition to the feature, there will be a Fox comedy, called "Business is Business," and a Prizma.

The Sunday headliner at the Macdonald will be Marie Prevost, presented by Carl Laemmle, in "The Dangerous Little Demon."

How's Your Battery?

Maybe you've noticed that it isn't turning the motor over as strong as it might, that it hasn't quite the pep it used to have, that it seems to be just a little "off its feed".

That's a signal that your battery needs the kind of attention we give it and probably needs it right away.

Never mind if it isn't a Willard. Bring it in anyway. Here at Battery Headquarters we've had experience in fixing all makes of batteries and we give them all exactly the same attention.

OAKS BEATEN TO THEIR KNEES

From the shores of Salt Lake last night could be heard the groans and wailings of the Oaks, beaten to their knees by the unkindly Bees who grabbed 16 tallies, hammering "Buzz" Arlett and Jones for a dozen hits. A quintet of runs was the best the gang from "My City Oakland" could do.

The Beavers lost to the Seals, 13 to 1, and the Angels got away with the big end of the 8 to 2 contest with Seattle.

NATIONAL LEAGUE.

Up in the majors Philadelphia played rings around the Reds, blanking 'em and taking 7 for their day's earnings. New York won from the Pirates 4 to 2, and St. Louis nosed out ahead of Brooklyn, 4 to 3

AMERICAN LEAGUE.

Cleveland garnered ten hits in her contest with Boston, but the New Englanders won the game, 8 to 3. Chi dropped one to Philadelphia. Score, 10-8. And Ty's Tigers took it away from L'il Ol' N'Yawk two to one. The Senators lost to St. Louis although they outhit the capital crowd. Score was 3 to 2.

Salts if Kidneys or Bladder Bother

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in avoiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

Dick Barthelmess Is Popular Star At T. & D. Theater

In "The Seventh Day," the First National attraction coming to the Richmond T. & D. Theater today and tomorrow, in which Richard Barthelmess is starred, a contrast between the lives of people who think that toil is the panacea for all troubles and the butterfly type of people found today in the cities, is portrayed. Mr. Barthelmess takes the part of a young sailor who is serving an apprenticeship before the mast before his uncle makes him the master of his own ship. The young sailor is entirely oblivious to the shallow life that is lived by the luxuriant class of the city and his awakening occurs when he becomes enmeshed by the beautiful eyes that pretty Louise Huff, who plays opposite him, turns on him. The unsophisticated young sailor, taking everybody as sincerely as himself, later has a real awakening when he realizes that he has been used as a means to provide merriment for a gay yachting party that has put to sea to escape Mr. Volstead's act.

The romance between this serious minded son of the sea and the society girl is one that takes an unusual course and the ending is brought about in a most unusual way.

Frank Losee and Leslie Stowe make two rugged sea captains who bring an odor of salt water to the screen. In the cast are also Anne Cornwall, who will be remembered as leading lady to Lionel Barrymore in "The Copperhead," and Teddie Gerard, who scored such a triumph in Paris and London, as well as many other notables of the stage and screen.

Graves was given his preliminary hearing before Justice of the Peace R. H. Standish of Crockett this week and was held to answer to the Superior Court. On Wednesday afternoon Graves appeared before the court and plead guilty to the charge. He waived time for sentence and was fined $150.

DOCTORS CLAIMED RECOVERY WAS ALMOST A MIRACLE!

Woman Facing Certain Death from Nervous Disorder Discovers Remedy in Time

Nervous disorders are on the increase. Men and women compelled to go out into the world to battle for a living quite often neglect their health to such an extent that a breakdown is the inevitable result.

Such neglect is criminal. In many instances it leads to fatal consequences. When you have moody spells, feel depressed, begin to have distaste for business or social duties; when you cannot sleep at night—these are sure signs of nervous ailments and should be checked.

Read below of the experience of one woman who, according to her own testimony, was facing death, but who fortunately discovered the right remedy in time, and which brought her back to health and normal strength:

Miss Rena B. Crossland, Kempt, Queen's Co., N.S., writes: "I feel it a duty as well as a privilege, to tell of the wonderful benefits I derived from the use of Dr. A. W. Chase's Tonic Pills. In March, 1917, I had anaemia of the brain and the mental and physical suffering I endured is indescribable. I had treatment from three doctors, and for twelve days was unconscious; while for three months I was fed and cared for like an infant. My mother was so anxious for me to use Dr. A. W. Chase's Tonic Pills that she crushed them and baked them in my food. After using two boxes I could feed myself, and after using them for two months, my health improved so rapidly that doctors and friends said my recovery was a miracle. I cannot recommend Dr. A. W. Chase's Tonic Pills too highly, even to those who seem to be facing death."

Dr. A. W. Chase's Medicines are on sale at all first class drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on every box. This trade mark is your protection against imitations and substitutes.—Advertisement.

Local Visitor Says Business Is Better

"Well, Bill, how's business? I hope it's better than the last time I talked with you. When was that anyway? Last winter some time?"

"Yes, last winter. I haven't been to the city since December. Sure, business is better. Things have been picking up steadily for quite a while. I don't think it will be long now till the country gets back to normal. What do you think of it?"

"Oh, sure, things are better. My business didn't begin to pick up much till about a month ago. But it is coming along fine now, even if I did have a hard time pulling through. If things keep going on as they are now I hope to be able to afford a new suit some time soon."

"Oh, say, don't put off buying a suit. It's important to be dressed right. Why don't you go to Cherry's at 528 13th street and buy one on credit? I always bought my clothes there when I lived in the city. Fine place and you can buy on credit. When a man pays a small amount each month he hardly notices it."

If Skin Breaks Out, Is Fiery, Itchy or Rough, Use Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

KEEPING WELL MEANS A CONSTANT FIGHT AGAINST CATARRH

Many diseases may be described as an catarrhal condition. Coughs, colds, grippe, pneumonia, influenza, sore throat and just a few of the many common ills due to sudden changes of weather, are nothing over half a century.

My stomach, kidney and liver were in bad condition. The lower part of my body pained me awfully. I could hardly lie on either side and sleep. My bowels were hard to move and painful. I treated with other doctors and medicines, but did not seem to do me much good. After taking six weeks Kong Wah Herbs I feel like a new woman.

Stomach As Heavy As Lead

March 16, 1922.
I suffered from dysentery and difficult breathing, my bowels moving constantly with bloody discharges. I also had burning indigestion and my stomach felt as though there was a piece of lead in it. Failing to get relief elsewhere, I took the herbs of the FONG WAN HERB CO. for two weeks. My former complaints have left me entirely and I am now enjoying good health.

Suffered Unnecessarily
Oakland, Feb. 3, 1922.
At intervals I suffered severe pleurisy pains which began in the right side of my chest and ran around under my arm into my shoulder blade. It was both painful and difficult to raise my arm. I had taken various sorts of treatment for the trouble, but had found no relief.
Now, after seven weeks of the FONG WAN HERBS, the pain in my chest is entirely gone and I feel quite well. I bought the herbs in packages and cooked them at home.

"FATTY" IDOL THAT WAS, IS FLAT BROKE

LOS ANGELES, June 15.—Roscoe ("Fatty") Arbuckle, who last September drove to San Francisco in his $25,000 custom built car and gave a party, was "broke" today.

He doesn't own a car. He no longer owns his big mansion in this city.

For the film comedian, who recently was acquitted of the charge of manslaughter in connection with the death of Virginia Rappe, spent his entire fortune on his defense at his three long-drawn trials and is now dependent on his friends.

Heavily in Debt.

Arbuckle, whose pictures were barred from the screen by order of Will H. Hays, director-general of the motion picture industry, today declared that he is so heavily in debt that until he can make new pictures he will have no hope of "coming back" in the motion picture or any other game.

Still Smiling.

"I'm not sobbing, however," Arbuckle declared. "Hays has said my pictures are banned pending an investigation and I'm sure he'll find I'm the victim of persecution. But until he makes his decision, I'm making no plans for the future."

Arbuckle denied that he had ever planned to launch an independent company to make films in defiance of Hays' order.

Employes of the United Studios who knew Fatty in the days when he was the highest paid comedian in the movies, declared today that Arbuckle is now nothing but a hanger-on. He has nothing to do and walks about the studios watching the people who used to work for him. Since his arrest last fall, he has had no income whatever, except a check recently received from the Buster Keaton company for a scenario that Fatty wrote.

When Arbuckle returned here from San Francisco he was given permission to go back into the movie game and "make good with the public." For several days he drove about town, receiving the congratulations of his friends, and then went back to the studio to make the picture that would "square" him. Hays, it was understood, agreed to this and Fatty, acquiescing, withdrew from the picture industry, temporarily, he hopes. He has completely severed his connection with the business and is under no contract except that the Leaky company holds teh rights to the films that he made before his trials.

Minta Durfee, Arbuckle's wife, who came to him during his trials is now in New York, but is settling her affairs there and will soon return, it was stated.

In the meantime, Arbuckle is living at the home of Lou Anger, his former manager.

Darken Gray Hair And Look Young and Pretty

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

GOAT ISLAND TO BE BANNED BY U.S. NAVY

WASHINGTON, June 15.—The senate today restored the Mare Island provision to the naval appropriation bill without determined opposition. An appropriation of $500,000 would be made available immediately and cost of the entire project would be limited to $2,800,000 under action taken by the senate.

The senate also approved the navy's new plan of concentrating all naval training activities on the Pacific coast at San Diego, Cal. An appropriation of $125,000 for this work was adopted. It was announced by Senator Poindexter that the naval training station at Yerba Buena island in San Francisco bay would be abandoned some time within the next year. Previously, it was stated, it had been planned to concentrate on the San Francisco site.

Making an Asset of Difficulties

A great opportunity is now before American business—the opportunity of making a big and permanent asset out of the very difficulties of the present situation. The conviction that this can be done is extremely heartening. It is enough to put a new thrill of life and activity into every form of industry.

From one point of view the present situation is by far the most desirable, the soundest, the surest, and the most hopeful this country has ever seen. Why? Because it brings into bold relief, through sheer necessity, the latent power to create conditions as we would like to have them.

The curtailment of Demand for the products of industry brought us face to face with the question, hitherto ignored, as to what causes demand. Then it was discovered that demand was a created thing, and that more demand could be created in almost any direction enough of the right effort were applied.

Chief among the means of creating Demand is now seen to be Advertising. Wherever you find a big demand for any product you find, invariably, that the demand for that product has been stimulated by human effort and chiefly through advertising.

It is obvious to any one who will think it through that the present demand for any product could be substantially lessened if it were possible to eliminate all forms of advertising—including pictures, displays, and word of mouth, as well as printed and painted messages—and just let that product depend on the natural or unstimulated demand.

And it is equally obvious that a demand for any worthy product can be created and stimulated by means of Advertising.

This fact puts within the hands of the business man the power of creating his own market. This would be the biggest asset he could have—an assured market for all he can sell or produce.
